
Request For Expressions of Interest
To Provide
Long-Term Solid Waste Treatment and/or
Disposal Including Production of Energy,
Fuels and Other Marketable Product Offtake

Dated January 27, 2021

TO: Recipients Of The Request for Expression of Interests
FROM: Rockland County Solid Waste Management Authority D/B/A Rockland Green
DATE: April 22, 2021
SUBJECT: RFEI Status Update

The Rockland County Solid Waste Management Authority d/b/a “Rockland Green” has been in the process of further developing the Alternative Disposal Project. In March, Rockland Green completed a waste composition study. Additionally, Rockland Green is identifying appropriate available site(s) based on the responses received to the RFEI. Please note that as a result of the siting analysis and the implementation of the New York State Food Donation and Food Scraps Law, which goes into effect January 1, 2022, Rockland Green is electing to separate the biosolids/organics element from the Alternative Disposal Project. Rockland Green intends to issue a draft RFP for a biosolids/organics project in the latter half of 2021 and issue a draft RFP for the Alternative Disposal Project in the first half of 2022.
